PROFESSIONAL SUMMARY

BCA graduate with a CGPA of 8.65, currently undergoing classroom training in Cyber Security at TOPS Technologies. Hands-on practice in networking, Linux, network scanning, and packet analysis using Nmap, Wireshark, and Cisco Packet Tracer in controlled lab environments. Seeking an opportunity to begin a career in Cybersecurity, SOC Operations, or Network Security while developing practical skills through hands-on labs and certifications.

CORE SKILLS

Networking: TCP/IP, OSI Model, IP Addressing, Subnetting, DNS, DHCP, Routing, Switching, VLAN, Network Troubleshooting

Linux: Kali Linux, Command Line, File System Management, Users & Permissions, Process Management, Package Management, Basic Shell Scripting

Security Tools: Nmap, Wireshark — Network Scanning, Port Analysis, Packet Capture & Traffic Analysis

Ethical Hacking: Basic Reconnaissance, Network Scanning, Vulnerability Assessment, Web Security Fundamentals

Laravel: PHP, Laravel Framework, MVC Architecture, Routing, Blade Templates, Eloquent ORM, Migrations, MySQL, Authentication

TRAINING

Cyber Security Course — TOPS Technologies | Offline Training | Jul 2026 – Expected 2027

- Classroom training covering networking fundamentals, Linux, ethical hacking, and security tools.
- Regular hands-on practice in a controlled lab environment using Kali Linux, Nmap, and Wireshark.

PROJECTS & LABS

Network Scanning & Analysis | Nmap, Wireshark

- Performed basic network scanning using Nmap in a controlled lab environment.
- Identified active hosts, open ports, and running services.
- Captured and analysed network traffic and packets using Wireshark.

Cisco Packet Tracer Network | Cisco Packet Tracer, IPv4, Subnetting

- Designed and configured a small network using PCs, switches, and routers.
- Configured IPv4 addressing and subnetting.
- Tested network connectivity using basic troubleshooting commands.

Linux & Cybersecurity Lab | Kali Linux, Linux CLI

- Worked with Kali Linux and Linux command-line tools.
- Practised basic networking, system administration, and cybersecurity concepts in a lab environment.
- Used security tools only for authorised learning and testing.

CERTIFICATIONS

- Introduction to Cyber Security — Cisco
- IT Customer Support — Cisco
- Laravel PHP Developer — Nityam Web Tech

EDUCATION

Bachelor of Computer Applications (BCA) — Saurashtra University | 2026 | CGPA: 8.65
